Program Content

Risk Adjustment for Payor-Provider Contracting

As providers take on more risk via provider contracting, more attention is being focused on coding and coding accuracy. This can impact both the provider revenue stream, as well as the payor revenue stream under certain aspects of the Affordable Care Act (ACA).

During this webinar we will review:

- Coding improvement methodologies
- Evolution of risk adjustment
- Impact of coding on contracting arrangements
- Innovative contracting arrangements

Presenters

Jason Siegel, FSA, MAAA
Senior Consulting Actuary
Wakely Consulting Group

Jason has helped numerous clients adapt to a health care environment which in recent years has been in a state of flux. His work has influenced government policy, health plan strategy, and his profession. His work has been cited in numerous journals, white papers, and congressional testimony.

Syed Mehmud ASA, MAAA, FCA
Principal & Senior Consulting Actuary
Wakely Consulting Group

Syed has worked on risk adjustment with clients in Medicare, Medicaid, and Commercial settings. Recent work includes simulating the HHS risk adjustment methodology across the country, and projects around coding optimization.
