

## **Audit Partner, Witt/Kieffer**

Witt/Kieffer has been retained on a Healthcare Audit Partner search for a top 15 public accounting firm with a significant presence in Chicago (downtown). The Healthcare Audit Partner will be responsible for practice management, business development and staff development. The firm is nationally recognized by FORTUNE magazine as one of the “100 Best Companies” and a “Top 10 Places to Work” by Crain’s Chicago. Due to rapid growth, there is a need to bring on board an Audit Partner with experience in health system settings. A Chicago network is a plus.

I am reaching out to inform you of the opportunity and see if you or anyone you know would be open to discussion. All of my contact info is below. Thank you.

Kind regards,  
Mindy Steiger
